TO MINE CHALK NEAR AGUA CALIENTE

White Mineral Deposits On Goldstein Ranch Said to be Valuable for Insulation Material.

The privilege of mining chalk-like deposits on the Goldstein ranch above Agua Caliente has been granted by the owners to an Oakland company, which will ship the Sonoma mineral to Oakland from Agua Caliente and refine it at a plant on Wood street. Six or eight men arrived in Sonoma Valley this week and established a camp on the mountain ranch, already famous for its wonderfully productive vineyards.

For some time past, California chemists have sought deposits of the material located on this ranch, the substance being used extensively by electrical manufacturers for insulation purposes. It was formerly shipped from Germany, but since the war the need of a domestic supply has caused extensive search to be made for deposits such as found on the Goldstein ranch.

The chalky substance is very light, of fine grain and is clear white. It has long attracted the attention of those familiar with Sonoma's hills and at intervals, several interesting experiments have been made with it. At one time a silver polish was manufactured from the chalk, and face powders, tooth powders and other preparations were tried out. Up to this time, however, the mineral substance had not been found in large enough deposits to pay to get it out, nor was its true scientific value suspected. The Oakland company's chemists declare the Goldstein deposits to be of fine grade and there is enough in the hills there to warrant a five-year lease under which the concern is operating.

MONTE POOL IS GIVEN FORTY-DAY SENTENCE

Monte Pool is starting a 40 day sentence in the county jail following his appearance on a petty larceny charge before Judge Leopold Just of Glen Ellen justice court.

RUBY THOMSON IS NOW A BRIDE

Pretty Young Daughter of Hayne Thomson Weds Chas. Jones While On Visit to Redding.

Miss Ruby Thomson, pretty eighteen year old daughter of Hayne Thomson who has made her home at the Emparan place for some months past, surprised her folks and friends by getting married while on a visit to friends in Redding, Shasta County.

The groom is Chas. Jones of that city who had been her sweetheart before she came to Sonoma. When the young lady went north on a visit, he pressed his suit and the ardent courtship led to a quiet wedding two weeks ago which was not announced to the bride's folks here until they began to think it was time for their daughter to return home. They phoned to Redding and were then told the news.

The bride is a niece of Dr. A. M. Thomson of this place, and following the death of her mother, came to Sonoma with her father and brothers to make her home.

AUTO WRECK LEADS TO ARREST

Axtel Brown, who was arrested for wreckless driving while intoxicated following an accident near Veroano Sunday in which a woman companion was badly hurt, appeared before Judge Small and was released on \$1000 bonds. The automobile was wrecked on a sharp turn, the axle breaking and the five occupants all being more or less injured. Irene Carrascosa was the most seriously hurt.

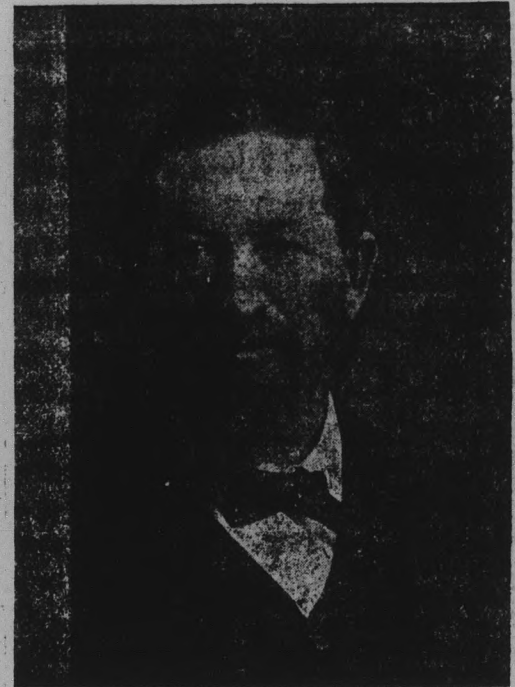

Dave Schieck, the Bennett Valley viticulturist, was in town the fore part of the week on business and met many old friends while here.

J. G. Marcy the pioneer business man who recently recovered from a very successful operation performed at the French Hospital in San Francisco, was up town Thursday morning looking better than in years.

Supervisor and Mrs. Fred Lowell entertained a party of friends over Admission Day.

Beware Speed Cop Albertson

Motorists, beware Speed Cop Albertson if you are not strictly within the law governing motor vehicle traffic in this community, for he is known that Sonoma's speed cop has taken a new lease on life and this week grabbed five offenders. He spares no one,

SPEED COP J. H. ALBERTSON

not even his honor, the mayor, and he works at night, something never before known.

With his whiskers fairly bristling for the fray, he lies in wait for miscreants and with the speed laws in one hand and his whistle in the other, his shrill clarion is striking terror into

the hearts of our most notorious speed burners.

The cop is not particular what he nabs lawbreakers for, but the past week those with only one light "got theirs," while speeders, muffler offenders and others were alike made to feel the majesty of the law. Whit Whitmore, Reed Potter Rich (Shorty) Dominguez, Freddie Schell and Fred Bulotti were all rounded up by the speed cop during the past few days and reported to the Judge. The kindly justice, Joseph Lester Small, admonished them of the seriousness of the several offenses and after a dignified reprimand, let them go.

Speed Cop Albertson is exceedingly proud of his bumper September crop and declares that the motor laws of California are going to be enforced if he has to work 20 hours out of 24 to do it.

"They thought I was a has-been and they wanted to ostracize me," says Jim, "but by the time I spring at a few more of 'em, they will see that old Father Time will have to speed some to get me. Why, hurry is my middle name, and my eagle eye is as good as when I used to spot stage robbers when I drove that old Concord coach and six. All I need now is for the city to buy me a motorcycle."

COMING TO SCHUMANN'S RESORT SUNDAY SEPT. 24th

A big garden party and picnic will be given at Schumann's Resort, Buena Vista on Sunday, Sept 24th by the Albrecht Durer Lodge No. 42 of San Francisco. The public will be welcome and a fine program of games, contests and dancing is promised. Refreshments will be served throughout the day.

VALLEY OF MOON PAIRS AND PEARS MADE HIT

The six pretty young ladies whom Secretary LaTorres took to the State Fair at Sacramento last Saturday to distribute Sonoma Valley pears made a decided hit with the big crowds on Admission Day. They gave away 40 boxes of pears and 300 Sonoma booklets within two hours after arriving. The girls all wore white dresses and gold ribbons telling where they came from. The charming bevy of Valley of the Moon maids were Misses Adler, Noyes, Schell, Cordell, Arriola and Bianchini.

Many prizes for various products were taken by the North of Bay counties, of which Sonoma was one.

Otto Brandt and Millerick Brothers were among leading exhibitors of livestock and carried off the usual honors.

SUPERVISORS TO EXTEND THE VINEBURG HIGHWAY

At the regular meeting of the Supervisors on Tuesday, plans and specifications prepared by the county surveyor for the continuation of the Vineburg highway to the state highway intersection at Stornetti's corner were accepted.

The road will be the same type as the Schellville-Santa Rosa highway, and will be approximately an extension of three miles of good road. This is a much needed improvement and Supervisor Lowell's enterprise in getting the work under way is to be highly commended.

At Tuesday's meeting the Board of Supervisors adopted resolutions requesting Judges Seawell and Thompson to name three appraisers for property strips necessary for the building of the Schellville-Santa Rosa state highway from Beltane to Schellville. A unit of the new highway from Santa Rosa will soon be open to traffic.

Burgess in Sept. 1921 from injuries received three days previous when struck by an engine at the drawbridge between Schellville and Wingo. CAPT. JOHNSON DIES IN S. F.

Aged Sea Faring Man Crosses Bar Of Eternity After a Long and Useful Life.

Capt. James Johnson, former owner of the fine ranch at Buena Vista, now the property of Vestal Bros., died at his home in San Francisco on Sept. 8th at the advanced age of 80 years. His was a long and useful life, most of it spent at sea. When a very young man in Denmark he took up maritime life and after his marriage, his wife sailed with him on many a hazardous voyage. A large family was born to the couple and the sons have followed in the footsteps of their father, serving their apprenticeship before the mast and later qualifying for commissions. Capt. Matt C. Johnson is one of the sons of deceased.

When Capt. James Johnson retired, he bought the former Leiding property at Buena Vista which he successfully conducted as a fruit ranch for many years, later removing from Sonoma Valley to San Francisco where he has made his home prior to his death with his wife and daughter Mrs. Tracy and her husband. A twin daughter, the late Mrs. Precedes Belmont, died during the flu epidemic. Three other children also predeceased him. Besides his devoted widow, Rose Johnson, the late Captain leaves the following sons and daughters to mourn his passing: Capt. Matt Johnson, Walter Johnson, Mae R. Johnson, Mrs. Hugh Mullin, Mrs. Ralph Tracy.

The funeral services took place in San Francisco Monday with interment in Holy Cross Cemetery.

**EL VERANO
NEWS**

By ARCHIBALD McKIVER

A. M. Garavanta was a business visitor to San Francisco last Saturday.

Mr. and Mrs. E. Bender of Oakland are registered at Sonoma Grove Resort.

Mr. and Mrs. A. Chelini and little son were in San Francisco over Admission Day.

Mr. and Mrs. Walter Conoma were guests at the Mullen residence over Admission Day.

Mr. and Mrs. Jack Main of Verano motored to San Francisco Monday in their new limousine.

Mr. and Mrs. M. Coutts and family of Kenwood were the guests at the Rossi home over Sunday.

Cliff Vincent and Arthur Baines have installed radio sets and are now telling the natives the news of the

world which is sent broadcast through the air. El Verano's new generation is forging ahead.

Mrs. F. Staudinger and daughter are occupying their summer cottage here. Their home is in San Francisco.

Norman Baines of the S. P. engineering hospital department of San Francisco was visiting relatives here the latter part of the week.

D. W. Corbin of El Verano and Mr. Seipp of Sonoma were S. P. passengers for the State Fair at Sacramento Saturday.

M. W. Chester, connected with the Sonoma Valley Water Works, transacted business in the bay city the first of the week.

H. Lordeaux and wife, who have spent the summer at Verano, will shortly move to Santa Rosa, where Mr. Lordeaux will open up an electric shop.

M. Yezokowicz, accompanied by his family, were at Sonoma Sunday visiting and looking after property interests. They now reside in San Francisco.

August Marcy, Sonoma's leading plumber, was here Monday on business, shaking hands with old acquaintances and incidentally looking over the summer flappers.

P. H. Noonan, Santa Rosa's pioneer butcher and stock dealer, was here last Friday looking after the shipment of a carload of cattle bought from the Merz ranch.

El Verano resorts were filled over the holiday. A large number of tourists and pleasure-seeking autoists spent Admission Day in the valley and report a wonderful time.

Pat McMullen, proprietor of the Chauvet Hotel killed a fine four-point deer last Sunday morning in the wilds of the eastern foothills of Glen Ellen. El Verano and his many friends in

It was the finest animal yet bagged this season and was on exhibition at the hotel Sunday.

Many improvements are being made by the water company on their reservoir at the O'Brien ranch. Pipes are being laid and an abundance of water is now assured the patrons.

Fred Schroeder, of the Oakland police force, is vacationing here. This is Mr. Schroeder's first visit in 12 years and he is enjoying his outing. He is registered at the El Verano Villa.

Mr. and Mrs. A. J. Reynolds, who are spending their vacation at their summer home on Riverside Drive, are making many improvements on the grounds and building an addition to their cottage.

The French Cottage, Mrs. P. Verdier, proprietor, had over 100 guests over the holiday from Oakland and San Francisco. Most of these pleasure seekers came by auto and enjoyed the beautiful scenic motor trips through Sonoma Valley during their stay.

Dave Manuck of San Francisco was visiting in El Verano over Admission Day. Dave is in the money loan business in the big city and also carries a line of jewelry. He invites his El Verano friends to call on him if they chance to go broke in the city.

The many friends of Mike Riddle, pioneer brakeman of the S. P. on the Santa Rosa run, but now retired on a pension, were sorry to learn of his late illness. He underwent an operation in Santa Rosa last week. Riddle is 80 years of age and at this writing is improving steadily.

Joe Chelini, son of A. Chelini of this place, will be married in San Francisco Sept. 17th, to Miss Albina Delbert, a beautiful and charming blonde. After the ceremony the happy newlyweds will come to El Verano to spend their honeymoon as the guests of Papa Chelini. Joe is a native of the eastern foothills of Glen Ellen. El Verano and his many friends in

Sonoma Valley wish him happiness, and congratulate him on winning such a charming bride. They will make their home in San Francisco, where the groom holds a responsible position with a large firm.

A marriage license was issued at Santa Rosa last Friday to Charles Blomstrom, 50, and Mrs. Ida Levoog, 50. Mr. Blomstrom has resided here for several years and the charming lady has resided on her ranch west of town for some time, and was the widow of A. Levoog, who died here several months ago.

The last of the old landmarks of El Verano, famous 30 years ago when George Maxwell boomed El Verano, is being torn down. This building in early days was the livery stable, and for many years was owned by the late C. F. Carmer. It is rumored that a business block will take the place of the old landmark on the corner.

Last Monday evening, as Miss Anne Dowdall was motoring towards El Verano, she had the misfortune to run her car into the ditch, in rounding a corner. One wheel was broken and the gas machine was otherwise damaged, putting it out of the running for some time. After procuring mechanical aid, the young lady continued her journey.

Albert Rossi, who has managed the Rossi Villa this summer, will leave soon. He has a position as brakeman with the S. P. Company, having acted in this capacity before. Mr. Rossi is considered by veteran railroad men as one of the best switchmen the company has in its employ, and he is always on deck when a freight train pulls in at the S. P. depot.

Joe Fitzgerald, crack piano player of Sonoma Valley, late of the El Verano Villa orchestra, has gone to Kewanee Springs to accept a position as leader of the orchestra at that resort. Fitzgerald, who is a music writer of note, has also just completed a scenario for one of the Hollywood producers. His many friends here wish him success in the northern city.

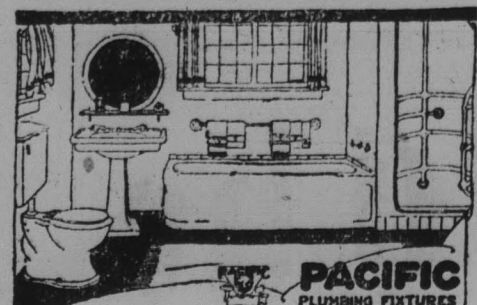

Miss Lilian Hoenish, charming young Oakland belle, and Miss Madeline Fredrickson, "the lily of the mission," San Francisco, after spending several weeks vacationing in the Sonoma Valley, returned to their home last Saturday. The girls had a most wonderful time and will return next season. They think Sonoma Valley unequalled and the inhabitants unexcelled.

A. Brown of San Francisco, who was spending his vacation at a local resort, while driving his car at the rate of 50 miles an hour, tried to turn the corner at Jack Main's last Sunday. Success failed to crown his efforts and the car was badly wrecked and the occupants injured. The driver was placed under arrest and lodged in the Sonoma jail for speeding and driving while intoxicated.

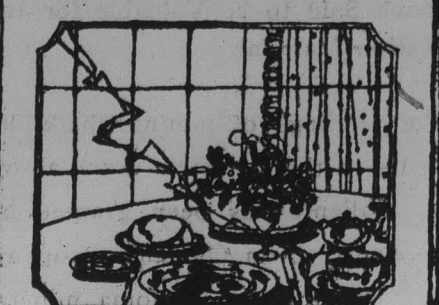

Charles Birdsall, better known as White Hat McCarthy, well known globe trotter, sailed into town Tuesday after a trip to the Orient, visiting China and Japan. He is registered at the French Cottage. He reports a wonderful trip, but states he is glad to be back in Sonoma Valley once more and meet the old time friends. Our esteemed visitor is tired of eating rice, chop suey and noodles with Oriental chop sticks, and is enjoying Ma Verdier's excellent cooking during his stay in town.

All hail, the King of the Frozen North is here! Julius Unger, after a six months' cruise to frozen Alaska on a whaling expedition, arrived in town Sunday, looking hale and hearty after his long journey over the rolling sea. Julius has been making these voyages for 20 years and had a good year, reporting the capture of one of the largest whales known in the history of the whaling industry, and Unger states this is not a fish story, neither as the able seaman has the skin of the monster sea-dog as evidence of his veracity. His many friends here are glad to see him and will put in the long winter evenings listening to

NAPA IS BACKING US UP

At an enthusiastic meeting of the directors of Napa Chamber of Commerce last Thursday night, the local commercial organization decided to join hands with Sonoma and San Rafael in a concerted movement to speed up the Black Point Cut-Off highway construction.

These three bodies will present a request to the California State Highway Commission asking that a member attend a joint meeting to be held at one of these cities to tell just why this work has been permitted to drag and to get assurances that construction work will be pushed. Secretary Harry Whitmore was instructed to write to the Chambers of Commerce of Sonoma and San Rafael announcing a readiness to work together and also to appear at a meeting in Napa at an early date.

T. Fitzpatrick of Stinson Beach and a booster has asked the Napa Chamber of Commerce to aid in the plan to have the highway leading from Sacramento through Napa and to Stinson Beach named Dipsea Highway. This name met with the approval of the Napa directors.

THE LITERARY DIGEST THROWS LIGHT ON PROHIBITION

The poll taken by the Literary Digest on prohibition sentiment has been finally completed. The summary of the 922,383 ballots revealed the following:

For enforcement, 356,193; for modification, 376,334; for repeal, 189,856.

The Literary Digest is to be commended for bringing this grave problem forward so that the light of public opinion, not as gleaned from the press, but directly from the people, might be shed upon a very important national question.

The vote, of course, can be analyzed from many points of view, for instance William Jennings Bryan, ardent "dry," declares that "for modification" might be construed as to the modification of enforcement methods, rather than alcoholic content. However, the popular acceptance of the term and the one intended by the Literary Digest was obviously the modification which would permit light wines and beers for beverage purposes. The modification advocates won out, which is a healthy sign, for it implies a temperate point of view on the part of the voting majority. Whether this rational majority will ultimately be given a hearing and be instrumental in getting for the United States an enforceable law governing or restricting alcoholic beverages it is hard to say, but one thing is certain: a change must come from some source if we are to preserve our democracy and national respect.

The Index-Tribune has always contended that sobriety is a matter of education—economic, moral or religious, and that it can never be brought about by prohibitory laws. Un-American in principle and fact, they are openly defied and give countless opportunities for graft and crime. The government is quite evidently coming to realize that education must be made to play a part in the discouragement of drinking, for with enforcement an expensive and unsatisfactory process, federal agents are now supplementing the fine, jail, padlock and abatement threat with dire warnings as to the unsanitary conditions from whence comes bootleg concoctions—the vermin, maggots and dead animals of all kinds which have been discovered in vats of mash, and cadaver vats containing bodies used by university students for dissection work are being drained of alcohol for bootleg purposes. Ugh! Shakespeare in his palest days never thought out such a revolting morbid admixture for all his witches' brew. Verily, the "dry" press agents are hard-pressed when they must conjure up such warnings to frighten violators of the law into submission. The big stick of prohibition implies that the people of the United States are children to be trounced into sobriety and now we are getting weird tales to further discipline them. While there is no doubt that some bootleg liquor is made under loath-

some conditions, the intemperate drunkard cannot be turned into dry paths by tales of horror, while other consumers will regard the stories as obvious propaganda.

Day by day the necessity for changes in the prohibition eclipse becomes more apparent and judging from the Literary Digest poll, the people are convinced that modification of the present dry laws is the only sane solution of a problem which prohibition has failed to solve.

GOVERNMENT REIN OR A REIGN OF TERROR

The people of the United States may not exactly agree with Attorney General Daugherty's injunction against the striking railroad men, but the public should be glad that the government has taken a decisive stand in the matter of control. It is a gratifying spectacle to witness the country in the throes of strife, strongly favoring of anarchy, while conferences and conciliations are taken advantage of by dissensionists warring for class rights with the public be-damned.

Now comes the Attorney General declaring that organized labor has its limitations, a fact apparently lost sight of by hotheaded agitators and zealous followers. If the unions exceed these limitations, transgress the law and imperil the peace and progress of the country, they will be destroyed, warns Daugherty. The language is strong and the remedy drastic, but since it was provoked by strong and drastic conduct, aimed to indiscriminately injure the public and interrupt progress for the purpose of class domination and dictation, it is little wonder that the government called all bluffs and laid its cards on the table. The Attorney General justifies his seemingly harsh action by at once filing depositions setting forth a few samples of infraction—eighteen cases of murder growing out of the strike, forty-four murderous assaults, seventeen derailments of trains or engines, dynamiting and burning of bridges, round houses, bunk houses, etc.

The thousands of fair-minded, honest railroad workers who want to see the union organizations thrive and live for the countless good purposes which they can legitimately accomplish, should welcome the sharp rein with which the Attorney General has brought up radical tendencies and should co-operate with all citizens of the country in working out a permanent solution of troubles or differences akin to those which have lately disgraced the nation. Aside from the direct evils of nation-wide strikes is a train of evils growing out of such a state, and the advantage unscrupulous profiteers take of such conditions to corner markets, control prices and exploit our farmers. If the public interest is paramount and that is good which is good for the greatest number, present type strikes should be scrapped forever, the sooner the better.

CHEST OF SILVER CONTEST INTERESTS EVERYONE

The announcement that the Corner Drug Store is to put on the great key contest for a re-chest of Community silver is attracting wide-spread interest. The silver is valued at three hundred dollars. Keys to the chest will be given away with every 50c purchase at the Lambert drug stores and the lucky party whose key will fit the chest will be awarded the silver. The contest will start very soon.

The Ladies' Aid of the M. E. church will be entertained at the home of Mrs. Shirley Weise near Glen Ellen on Thursday afternoon, Sept. 21.

LOCAL AND PERSONAL

E. E. Sage and family of Arcata, Humboldt County, have purchased the former Larsen ranch near Buena Vista. They have already taken possession.

Adolph Rubke has been on the sick list with a bad attack of rheumatism. Mrs. Rubke has recently returned from her visit in Texas and is caring for her husband.

Mrs. Theodore Richards has located in Grass Valley, where she is running a large hotel in the mining town. Mrs. Richards is an experienced hotel woman, having been in business in Sonoma Valley for many years.

Battalion Chief Davis of the San Francisco Fire Department, Second Assistant Chief Murray and Battalion Chief John Gavin, also of that city, were recent visitors at Boyes Springs and in an interview with the Index-Tribune complimented the valley on its local volunteer fire department and Chief Cause. They said they saw our fire engine in action and think the response of the fire laddies here is wonderful.

E. T. Lindley of the Sonoma Feed Store received delivery this week of a handsome new model Buick touring car.

There will be a sale of home cooked food at the M. E. church parlors on Saturday, Sept. 23, at 1 p. m.

OUT OF THE FIRE NOZZLE

The Valley Angel got a hurry call last Saturday morning at 9:30 o'clock to go to Bennett Valley to fight a forest fire on the Thompson ranch, and after a quick run the chemical soon had the flames under control, again demonstrating that chemical is a great grass and forest fire fighter. The area burned over was about 50 acres. Eric Blomgren, Willie Cohn, Casella and two others besides the Chief comprised the crew, Blomgren driving. Quite a lot of fencing was destroyed and the loss is estimated at several hundred dollars. The Valley Angel also had a run to Glen Ellen Friday afternoon to fight a grass fire back of the round house. Eric Blomgren was the driver. No damage. On Tuesday afternoon of this week the Valley Angel was called upon to put out a dangerous rubbish fire at Tony Francis-ka's home near Boyes bath house. Jack Poulsen drove the engine.

Schellville is still showing its loyalty to the fire department, as Mr. McGill brought in \$30 more to the Chief last Sunday night, \$25 being from the Sonoma Land Company, through the courtesy of Joe Keechler.

The Chief also received a check of \$20 from Mrs. Mollie Mosso and the Chief wishes to acknowledge with thanks these donations.

Mr. McGill deserves great credit for the work he has done for the Valley Fire Department and he says he is not yet done. It is too bad we have not more McGills in the valley. Thanks, Captain McGill.

The residents of Bennett Valley and other places in the surrounding hills will kindly send in their donations as it is too far for us to go to look for help to pay for the engine. Address all letters to the Chief of the Boyes Springs and Valley Fire Department.

As Eric Blomgren, one of the regular drivers has gone on a vacation trip the Chief, to make sure of having a driver to depend upon, has placed a bed in the fire house for Jack Poulsen, who has kindly volunteered to act as driver while Eric is away. It is a good thing that the valley has some one that is at least willing to do all he can.

Alexander Hagan, who has had a life of hardship and trouble, a part of which he spent behind prison walls, has written a story setting forth how society can make or mar the man who is striving to make good in this world when once he is "down." This story he has had filmed and it will be shown at the Don Theatre on Thursday, September 21st.

Hagan will give a talk after the fifth reel. He is to discuss the indeterminate prison sentence as it pertains to men sent to prison.

The author of the tense human interest story has been a resident of El Verano several years and declares good neighbors, friends and a loyal wife have made life worth while for him, despite his handicap. Mr. and Mrs. Hagan wrote the film story jointly and it cost them several thousand dollars to have it produced. They call the picture A Modern Jean Val Jean No. 6661.

"I knew him when he was a boy"

What one is there of us that has not felt the glow of satisfaction over the outstanding success of a life-long friend? Often a surprise — seemingly "all of a sudden." Yet neither surprising nor sudden, when you stop to think back over each step of his progress.

THE United States Rubber Company—makers of U. S. Royal Cords—were first to conceive, make and announce the balanced tire. A tire in which there is such complete unity of action in tread and carcass that neither will give way before the other.

First to conceive, make and announce a complete line of tires—a tire for every need of price and use under one standard of quality.

First to tell the public about the good and bad in tire-retailing. (You remember the phrase "Go to a legitimate dealer and get a legitimate tire.")

First also to arouse industrial and trade minds to the need of a new kind of tire competition. (Competition for better and better values. Greater and greater public confidence.)

THESE high spots along the U. S. road to leadership indicate the intent—the will to win by the quality route in a price market.

Now that so many car-owners have given their verdict for quality tires in general, and U. S. Tires in particular—a number of dealers and car-owners whose vision has been clouded by "discounts," "sales" and what not, are beginning to remember that they "knew him when he was a boy."

MADRONE VINEYARD

CROP BRINGS \$63,000

Louis Engelbert, who recently purchased the Madrone vineyards, has sold his 1922 crop of mixed varieties of grapes, mostly Zinfandels and Alicante, for \$90 per ton straight through. The crop is estimated at 700 tons, which makes this splendid acreage yield this year approximately \$63,000.

Mr. Engelbert comes from the East, where he was a manufacturer of men's wear. He bought Madrone vineyards from the California Wine Association and has taken up his residence in the Valley of the Moon.

OTTERSON NO LONGER CHIEF OF POLICE

Announcement was made Monday night by Mayor Tower of Napa at the meeting of city trustees that he had accepted the resignation of Charles F. Otterson as chief of police. The resignation is to become effective on October 1st.

Politics is said to be behind the resignation, although no statement has been made that the resignation was demanded. Otterson's only comment is that he believed his course is in the best interests of the city. Otterson recently took an active part in the campaign against Sheriff Joseph Harris.

Otterson has been chief of the Napa Fire Department, in addition to chief of police. He remains as fire chief. The salary as fire chief is \$160 a month. That as chief of police has been \$40 monthly.

MADE A HIT AND HAD TO PAY

G. Pedrini paid a fine of \$10 this week in the Justice Court for battery. He struck one Jack Giacomelli in the jaw following a war of words. Pedrini told the Judge the plaintiff called him a name. Judge Small said he should have sought redress in the courts instead of "landing on" Giacomelli. Pedrini said it was a costly impulse when the Judge gave him the choice of paying \$10 or spending 10 days in jail. He paid the ten simoleons.

GOING TO ITALY

TO VISIT FOLKS

B. Gianechini has sold out his interest in the Pioneer City Bakery to his partners, Bertelotti Bros., and will depart on a trip to Italy to see his folks. "Brandy" was in the army during the war and when he left here was in hopes of going to Italy then; how-

ever, he was disappointed and the trip he now plans will take the place of the one he then contemplated. His folks have been anxious to see their son and are looking forward to his visit. Gianechini has prospered in the bakery business and has a host of friends in Sonoma Valley who will bid him bon voyage.

EL VERANO NEWS

(Continued from Page One)

our hero's marvelous stories of his daring and thrilling voyages over the Northern seas.

Last Sunday at Agua Caliente Hot Springs, the famous orchestra of the El Camino Club, who visited the springs the week previous, made another visit from San Francisco, furnishing music for the guests at the springs and hotel. The following composed the orchestra: Tocchini, saxophone; DeBernardi, banjo; Retberg, cornet; Cronin, piano; Eddie Nideros, drums. Tom Corcoran, owner, and Nick Giff, manager, entertained the boys in a most pleasant manner during their visit.

Delmar Pussyfoot Percyfield, the fashionable burglar who toured Sonoma Valley recently, stopping at the Boyes Springs Hotel, and appearing in full dress, plug hat and cane, pleaded guilty to a charge of burglary in a San Rafael court last Friday, asking probation. He is said to have stolen \$700 in traveling checks from E. E. Gillman of San Rafael. This gentleman Raffles also visited several business houses in El Verano, it is reported, getting away with merchandise and coin. Deputy Sheriff Ryan went to San Rafael, where he recovered some of the stolen property. On departing from the Boyes Springs section, Delmar forgot to pay his board bill. He is about six feet high, 22 years of age and claims he hails from an eastern state.

SONOMA CHEESE WINS PRIZE AT STATE FAIR

The Jack cheese of the Sonoma Mission Creamery took third prize at the California State Fair over competitors from many California counties. The cheese was not made for exhibit purposes, but was stock cheese and but for its lack of age, would have scored higher so said the judges.

This is the first year that Messrs. Vella & Iacona have exhibited at the State Fair, but next year they plan to send more Sonoma products to Sacramento and contest for first awards.

The Jack cheese, which is a specialty with the Mission Creamery, has a big sale and a constantly growing market for it is being developed by the enterprising producers.

\$18,045 WINE TAX SUIT FILED AGAINST COUNTY

Claiming that the wine taxes levied in 1920-21 were exorbitant, confiscatory and illegal, and that since no permit to move the wine could be given it was therefore valueless and could not be taxed, F. R. Haigh filed suit against the County of Sonoma for the recovery of \$18,045.37, the amount being the assigned claims of 39 prominent wine men of this county, and representing tax paid during the years 1920-21 on their wine.

The total claims were presented to the Board of Supervisors some time ago and rejected. Then the claims were assigned to the plaintiff and the suit started.

The wine men assigning claims to Haigh are Baldocchi Bros., N. Barsi, L. Benelli, E. Bisordi, Foppiano Wine Co., Joseph Ferari, Israel Fredson, A. Fragrari, W. W. Furber, Albert Giovanini, John Greott, Healdsburg Wine Co., Fred Hefty, Carl Haehl, Chas. J. CITY EDITOR VACATIONS AT BOYES SPRINGS

Art S. Newburgh, the popular city editor of the Petaluma Daily Argus, is enjoying a much needed vacation at Boyes Hot Springs. Mr. Newburgh is one of the leading newswriters of Northern California and is beloved by the people of the community where he has chronicled events for the past 25 years.

The Argus man is no stranger to the Valley of the Moon, having been a frequent visitor in the old days when Smith & Newburgh's orchestra was the favorite music of smart social events in the valley. Mr. Newburgh is a talented musician in addition to his journalistic ability.

Mr. Newburgh, accompanied by George E. Kearney, the genial Examiner man, also at the Springs, were welcome visitors at the Index-Tribune office Tuesday afternoon.

HAS OPENED HAIR DRESSING PARLOR HERE

Mrs. Monte Jones, who has come to Sonoma with her husband and little daughter to reside, has opened a hair dressing and manicuring shop in the Castex building.

Mrs. Jones is an experienced operator, having learned her trade in San Francisco's leading beauty parlors. She has named her Sonoma shop the Blue Bird Beauty Parlor. It is very nicely appointed and is already being widely patronized by Sonoma ladies. See ad.

The most HATED MAN in the World

WHAT is he thinking now?

In the little town of Amerongen in Holland the villagers see at rare intervals an old man with a withered arm and a grizzled beard. It is the ex-Kaiser, the de-throned German War Lord, ending his days in exile.

What is he thinking, that old man? What passions of broken pride and remorse are tearing at him? What tales could he tell of court intrigue and diplomatic chicanery during the days when Germany dreamed of world conquest?

The world has long wanted to know these things. And now the ex-Kaiser has broken silence.

The Kaiser's Memoirs start Monday in the Bulletin

PROHIBITION AGENTS RAID SPRINGS RESORTS

Information received by the prohibition office that many summer resorts in Sonoma county were dispensing liquor freely led Prohibition Agent C. H. Wheeler to send several agents there. They returned Thursday after raiding four resorts with fancy names. All were at springs, but instead of clear water, the liquid most in evidence, according to the agents, was liquor.

Those arrested were George Darling, Darling's Resort, Boyes Springs; E. Peters, Cabanot Resort, Boyes Springs; Jean Cazes, Maison Doree, Fetter's Springs; J. Moore, Shamrock Inn, Fetter's Springs.—S. F. Chronicle.

Three brakes on many cars—and one is always set

As much as 20% of the power at the rear or driving wheels of the automobile may be lost through the use of an incorrect oil. Too heavy an oil, or one lacking in certain qualities, acts as a brake on the car.

The ideal oil is the thinnest oil which will keep the bearing parts separated, and at the same time offer in itself the least frictional resistance to the engine power going to the driving wheels.

This oil, providing it has "oiliness," stability and purity, will give perfect lubrication and permit the development of the maximum power, speed and gasoline mileage of the car.

Zerolene fills all these requirements perfectly.

The Ideal Oil

All bearing clearances decrease under the heat of operation.

Analysis of Zerolene shows that the differences in its body at the various engine temperatures, from cold to operating temperature, follow in close relation the decrease in bearing clearances.

For this reason Zerolene oils have at all operating temperatures exactly the required body to splash and flow freely into the fast-moving, small-clearance bearings to provide an adequate film of lubricant.

Because of this and its "oiliness," stability and purity, Zerolene gives perfect lubrication under all conditions of engine operation, and permits the development of the maximum power, speed and gasoline mileage of the car.
